### **Announcing the recipients of the 2023 Colorado Titan 100**

Titan CEO and headline sponsor Wipfli LLP are pleased to announce Jordan Darragh, PrintReleaf CEO and Founder, as a 2023 Colorado Titan 100. The Titan 100 program recognizes Colorado's Top 100 CEO's & C-level executives. They are the area's most accomplished business leaders in their industry using criteria that includes demonstrating exceptional leadership, vision, and passion. Collectively the 2023 Colorado Titan 100 and their companies employ upwards of 50,000 individuals and generate over \$37 billion dollars in annual revenues. This year's honorees will be published in a limited-edition Titan 100 book and profiled exclusively online. They will be honored at an awards ceremony on June 1<sup>st</sup>, 2023, and will be given the opportunity to interact and connect multiple times throughout the year with their fellow Titans.

"The Titan 100 are changing the way that business is done in Colorado. These preeminent leaders have built a distinguished reputation that is unrivaled and preeminent in their field. We proudly recognize the Titan 100 for their efforts to shape the future of the Colorado business community. Their achievements create a profound impact that makes an extraordinary difference for their clients and employees across the nation." says Jaime Zawmon, President of Titan CEO.

Jordan is the guiding force at PrintReleaf, and his vision has led and is leading the company on a great (tree-lined!) path. His management is helping companies envision a clear way to effective and sustainable practices which in turn leads to a healthier planet for all of us. In the meantime, these companies add value for their customers, and demonstrate that sustainability commitments are achievable and great for the triple bottom line: social, people; environmental, planet; and economic, profits.

"I'm honored to be part of such a distinct group of individuals and look forward to the opportunities that lie ahead as we network and collaborate in the coming year. It will be my goal to make sure that companies in Colorado and beyond understand that we can all take simple yet meaningful steps to bringing more sustainability to our business endeavors, whether it's through environmental offsets like automated reforestation and carbon offsets for tree-based products (e.g., paper and packaging), or by other measures."

The annual Titan 100 awards celebration on June 1<sup>st</sup>, 2023, will be held at Wings Over the Rockies Air & Space Museum in Denver, CO. Wings Over the Rockies is located on the former grounds of Lowry Air Force Base. The museum is housed in the historic Hangar No. 1, built in

1939, and features dozens of historic airplanes, space vehicles, and interactive exhibits. This unique cocktail-style awards event will gather 100 Titans of Industry for an evening unlike anything that exists in the Colorado business community.

“On behalf of the partners and associates at Wipfli, we congratulate the Titan 100 honorees. From the first year Titans to our new Hall of Fame honorees, we appreciate the lasting impact each leader has made, and continues to make, in building organizations of significance both here in Colorado and abroad. Your ingenuity and creativity have set you apart, and the honor of being seen as a Titan is richly deserved,” says Pete Aden, Partner at Wipfli.
